- English

EDUCATION

BE-Computer Science and Engineering(2023-2027)

Sona college of Technology,Salem 2023-Present
Current Year : 2nd year
CGPA : 8.94(Upto 3rd semester)

HSC(Class 12)

Bethel Matric Higher Secondary School,Ambur.
Year of Completion : 2023
Percentage : 90.8%

PROFILE

Enthusiastic and dedicated 2nd-year B.E CSE Student with a strong interest in software development and UI/UX design. Skilled in Java, C, SQL, web development, and prototyping tools like Figma. Quick learner with excellent communication and problem-solving abilities. Seeking an internship opportunity to gain practical experience and contribute to impactful real-world projects while continuing to grow as a developer and designer.

PROTOTYPE & PROJECT

Smart Waste Management System
- Hackathon: TNWISE 2025
- Developed a Figma prototype addressing urban waste tracking and complaint redressal. Enabled citizens to report issues and authorities to monitor and resolve them efficiently.
Railway Reservation System
- Academic Project
- Created a web app using HTML, CSS, JavaScript, and MySQL that allows users to book, cancel, and view train tickets. Backend integration done through MySQL Workbench in VS Code.

Food Waste Management System
- Software Engineering Project
- Built a system concept for reducing food waste through proper tracking, donation, and redistribution. Applied software engineering principles such as requirement analysis, system design, and testing.

ACHIEVEMENTS & CERTIFICATION

Courses : Java & Python (Infosys Springboard); Web Dev & UI/UX (Simplilearn)
Appreciations : TNWISE Waste Management Prototype ; UI-Path Automation Workshop.
Academic : Academic Excellence Award; 2nd Rank in Department (3rd Semester).
Hackathons : Techkathon, Smart India Hackathon , TNWISE 2025.
Workshops : UI-Path Automation, Large-Language Models.
